

System Requirement Specification & Feature Map: Netspeak Portal

1. Account Management & Authentication

- **Deduplication Check:**
 - Validation rules prevent duplicate account creation based on exact matches on **Complete Name + Birthday** or **Cellphone Number**.
- **Profile Fields:**
 - **Personal:** Teacher Name (Display/Teaching Name), Real Complete Name, Birthday, Cellphone Number, Emergency Contact Details, Complete Address.
 - **Academic:** School Attended, Course and Major.
 - **Operational:** Launch Date (Start Date), Project Type (FTEX, FT, TTP), Department (Domestic, Overseas/Global), Assigned Rest Day, 51Talk Portal Login (Username, Password).
- **2-Tier Approval Workflow:**
 - Step 1: Teacher submits registration form.
 - Step 2: **Admin Review** verifies completeness and input accuracy.
 - Step 3: **Manager Final Approval** confirms access.
 - Step 4: Automated email delivery sends generated credentials upon final approval.

2. Time, Attendance & Kiosk Management

- **Freshness Check (Photo Capture):**
 - Camera selfie verification required at login; serves as official arrival timestamp.
- **Shift Window & Alert Triggers:**
 - **T-30 min:** Early login window opens.
 - **T-10 min:** Alert sent to Center Admin if the teacher has not completed the Freshness Check.
 - **T-0 min (Shift Start):** Real-time notification sent to Admin and Manager flagging teacher as **Late** or **Absent** for immediate contact and outreach.
- **Kiosk Portal Lockdown:**

- Portal window locks during active shift hours.
- Logout button disabled until **15 minutes before shift end** (or exact shift end).
- System prompts automated Windows/PC shutdown sequence upon successful end-of-shift logout.
- **Early Arrival / Late Stay Policy Modal:**
 - If logged in >2 hours prior to shift or remaining post-shift, an unclosable banner/modal displays: *"This workstation is strictly for official Netspeak work purposes. Personal browsing is prohibited."*

3. Daily Output Reporting & Workflows

Plain Text

Shift Complete / Pre-Logout

- |
- |— 1. Daily Output Entry Form
- | |— Open Slots vs. Booked Slots
- | |— Attendance Exceptions (Class Tardiness, Absent Class, Early Leave)
- |
- |— 2. Mandatory Announcement Modal (Must click "Acknowledge" to proceed)
- |
- |— 3. Logout Completion —> Optional Auto-PC Shutdown

- **Grace Period & Reporting Edits:**
 - If unsubmitted, reminder alert prompts the teacher on the next day's login.
 - Daily output reports allow edits/corrections for up to **48 hours** post-shift.

4. Self-Service Requests & Approvals

- **Switch Rest Day:**
 - Form collects Target Date, Swapped Date, and Reason.
 - **Automation Rule:** Upon Manager approval, the weekly master schedule updates rest days automatically for accurate shift tracking.
- **Cash Loan:**

- Standard request form with explicit policy terms and automatic schedule-of-deductions/due-date reminders.
- **Equipment Replacement & Maintenance:**
 - Ticketing tab for hardware, headset, or PC peripheral issues.
- **Early Time-Off (Auto-Approval Rule):**
 - Teacher submits request → Manager has **30 minutes** to act.
 - If manager takes no action within 30 minutes, request is **auto-approved**. System displays a pop-up checklist reminding the teacher of steps to avoid client tardiness.
- **Bidirectional Notifications:**
 - All request status updates (Approved, Rejected, Pending Info) must push an automated email/system notification back to the teacher with the reviewer's notes.

5. Admin & Manager Monitoring Dashboards

- **Teacher Directory & Status Matrix:**
 - Filterable tab listing teachers by Launch Date, Branch, and Status (Active, Resigned, Terminated, Maternity Leave, Medical Leave).
 - **Inactivity Flag:** Automatic alert sent to Admin and Manager if an Active teacher has **no login for 2 consecutive days**.
- **Low-Booking Intelligence Tab:**

Dashboard Filter	Threshold / Trigger	Recommended Action
Daily Low Booking	Output from previous day below target	Admin requests TPCAP profile upgrade
3-Day Low Booking	Under-booking for 3 consecutive days	Marked URGENT for manager intervention
5-Day Low Booking	Under-booking for 5 consecutive days	Marked CRITICAL for immediate corrective action

- **Admin Operations Tab:**
 - Centralized management forms, logs, and day-to-day administrative checklists.

- **Lesson Fee Automation:**
 - Automatic data sync scheduled **3 days after each cutoff** (15th and 30th/31st) to pull lesson fees without manual data entry.
- **Birthday Notification Banner:**
 - Company-wide banner displayed on teacher birthdays, featuring direct-action buttons for Managers/Officers to assign incentives (Cash Voucher / In-Kind Token).

Hi IT Team! Good day! 😊

Please see below the **UPDATED and CONSOLIDATED Portal Development Requirements**. I have organized everything by department and included the additional requirements regarding **Admin/IT attendance, mandatory logout checklists, automatic notifications, SRD/absence monitoring, and daily/weekly/monthly summaries**.

Please use this version as the **main and updated reference** for the portal development. Kindly disregard the previous versions to avoid confusion.

PORTAL DEVELOPMENT REQUIREMENTS

Admin, IT, Teacher & Operations Management Portal

MAIN OBJECTIVE

We would like to centralize our Admin, IT, Teacher, and Operations processes into one portal.

The system should minimize manual encoding and Google Form/Google Sheet consolidation. Information entered in one module should automatically sync with the appropriate attendance, monitoring, notification, and reporting modules.

I. ADMIN MODULE

1. Admin Time In / Time Out

Time In

Admin should simply click **TIME IN**.

The system should automatically record:

- Admin Name
- Branch
- Date
- Actual Time In
- Scheduled Shift

Time Out

Before an Admin can log out, they **must complete the Admin End-of-Shift Checklist**.

- TIME OUT should remain disabled until the checklist is completed.
- After completing the checklist, the Admin can log out.
- The system should record the checklist completion time.

Admin Checklist Reference:

[Admin End-of-Shift Checklist](#)

II. ADMIN ATTENDANCE

Create a dedicated **Admin Attendance Dashboard**.

Record:

- Admin Name
- Branch
- Date
- Scheduled Shift
- Time In
- Time Out
- Present
- Late

- Early Out
- Absent
- SRD
- Absence Reason
- No Login
- No Logout
- Checklist Status
- Remarks

The actual login/logout should automatically sync with the attendance.

III. ADMIN NO LOGIN / NO LOGOUT ALERT

The system should automatically monitor Admin attendance.

If an Admin:

- Does not log in on a scheduled workday
- Logs in but does not log out
- Does not complete the required checklist

The system should automatically notify:

OM Melmar

OM Prei

Notification should contain:

- Admin Name
- Branch
- Date
- Scheduled Shift
- Login Status
- Logout Status

- Checklist Status
-

IV. ADMIN SRD & ABSENCE

Create an Admin SRD and Absence monitoring system.

If an Admin files an SRD or is tagged absent:

- Record it in Admin Attendance.
- Notify the concerned management personnel.
- Include it in the daily attendance summary.

Notification should include:

- Admin Name
 - Branch
 - Date
 - SRD/Absent Status
 - Reason
 - Approval Status
-

V. ADMIN DAILY/WEEKLY/MONTHLY ATTENDANCE SUMMARY

Daily Summary

Show:

- Total Admins Scheduled
- Present
- Late
- Early Out
- Absent
- SRD
- No Login

- No Logout
- Incomplete Checklist

Weekly Summary

Show attendance per Admin, including:

- Attendance percentage
- Absences
- SRDs
- Late
- Early Out
- No Login
- No Logout

Monthly Summary

Generate the complete monthly attendance report.

VI. ADMIN TASK MONITORING

The portal should monitor Admin tasks.

Daily

- Tasks completed
- Pending tasks
- Teacher concerns
- Attendance monitoring
- Resignations processed
- SRDs processed
- Incident reports
- Other assigned tasks

Weekly & Monthly

Generate a summary of all completed and pending Admin tasks.

VII. TEACHER RESIGNATION MODULE

Teachers should be able to file their resignation through the portal.

Required fields:

- Full Name
- Branch
- Project
- Date Filed
- Effectivity Date
- Reason
- Resignation Letter
- Signature
- Remarks

Resignation Reasons

- Personal / Family Reasons
- Health / Medical Reasons
- Schedule Conflict
- Found Another Job / Better Opportunity
- Higher Pay / Compensation
- Studies / Education
- Relocation
- Workload / Burnout
- Project / Work Concerns
- Management / Workplace Concerns
- Internet / Equipment Issues

- Career Change / No Longer Interested in Teaching
 - Other / Not Specified
-

VIII. RESIGNATION LETTER

Create a standard resignation letter template containing:

- Teacher's Name
- Date
- Effectivity Date
- Reason
- Signature

Once submitted, automatically notify:

- Admin
 - Operations Manager
-

IX. EXIT INTERVIEW

The Operations Manager Assistant will open available Exit Interview slots **every 1st day of the month**.

Resigned teachers should be able to:

- View available slots
- Book a slot
- Receive confirmation

Send a reminder **on the day of the scheduled Exit Interview**.

X. RESIGNATION MONITORING

Create a weekly and monthly resignation dashboard.

Show:

- Teacher Name
- Branch
- Project
- Date Filed
- Effectivity Date
- Reason
- Exit Interview Status

Reports should be available:

- Weekly
- Monthly
- By Branch
- By Project
- By Resignation Reason

Reference:

[Resignation Monitoring Sheet](#)

Automatic Sync

Teacher Files Resignation → Resignation Monitoring → Notifications → Exit Interview → IT/TPCAP Actions

XI. TEACHER ATTENDANCE

Admins should manually verify teacher attendance.

Attendance should automatically sync with teacher login/logout.

Status options:

- Present
- Late
- Early Out
- Absent – Valid

- Absent – Invalid
- No Logout
- SRD
- Approved Rest Day

Admin should be able to enter the reason for absence.

XII. TEACHER NO-LOGOUT ALERT

If a teacher logs in but does not log out:

- Automatically flag the teacher.
 - Notify Admin.
 - Show the teacher in the next-day **No Logout Summary** for immediate action.
-

XIII. SWITCH REST DAY (SRD)

Create an SRD module.

Fields:

- Date Filed
- Full Name
- Teacher Name
- Original Rest Day
- Date Not Working
- Switched Work Date
- Reason
- Approval Status
- Approver
- Remarks

Approval

Teacher → OM Melmar → Approved/Rejected

Once approved:

SRD → Automatically update Attendance/Schedule

Notify:

- OM Melmar
- OM Prei

Teacher SRD reference:

Teacher SRD Reference

Admin SRD reference:

[Admin SRD Reference](#)

ADMIN'S DAILY TASKS CHECKLIST

This isn't just a to-do list—it also makes tracking output and accountability easy.

XIV. INCIDENT REPORT TICKET

Create an Incident Report ticket.

Include:

- Date
- Time
- Reporter
- Branch
- Person Involved
- Category
- Description
- Evidence/Attachment
- Action Taken
- Remarks
- Status

Automatically notify:

- OM Melmar
- OM Prei

Reference:

[Incident Report Reference](#)

XV. TEACHER CONCERN TICKET

Teachers should have a **Submit a Concern/Ticket** option.

Categories:

- Technical Concern
- Attendance Concern
- Schedule Concern
- Student Concern
- Admin Concern
- Project Concern
- Payment Concern
- Emergency
- Other

Correct Emergency Contacts

Melmar Doce

Operations Manager

 **0910 446 1091**

 **melmsdoce@gmail.com**

Prei Doce

Operations Manager Assistant

 **0948 078 65882**

 **preidaet26@gmail.com**

XVI. TEACHER SOCIAL MEDIA MONITORING

Once a teacher successfully logs in:

Teacher Login → Social Media Monitoring Starts

Monitoring should follow the actual login/logout period.

XVII. TEACHER DAILY/WEEKLY/MONTHLY REPORTS

Generate reports per teacher, branch, project, date range, and cut-off.

Daily

- Attendance
- Login
- Logout
- Late
- Early Out
- Low Bookings
- Slot Activity
- Other concerns

Weekly

Summary of the above.

Monthly

Complete teacher activity summary.

Cut-Off

Management should be able to generate the report anytime.

XVIII. SEATING ARRANGEMENT

Create a **Branch Seating Arrangement** module.

Include:

- Branch
- Computer/Workstation Number
- Seat Number
- Assigned Teacher
- Schedule
- Status

Resigned/AWOL Teacher

When a teacher is tagged Resigned or AWOL:

1. Notify IT.
2. Identify assigned computer.
3. Create IT reformatting task.
4. Remove teacher from active assignment.
5. Automatically generate notification to TPCAP.
6. Remove teacher from the applicable TPCAP list.

XIX. SLOT OPENING REMINDER

Teachers must open slots **1 month in advance**.

The system should:

- Monitor slot-opening compliance.
- Send a reminder **3 days before the required opening date**.
- Show teachers who have/have not opened slots.
- Show deadline.
- Show compliance status.

XX. CERTIFICATE OF SERVICE

Create an automated Certificate of Service generator.

Pull information from the teacher profile:

- Full Name
- Position
- Project
- Branch
- Start Date
- End Date
- Other required information

Use a standard company template.

XXI. TEACHER REFERRAL MONITORING

During application, applicants must answer:

“Were you referred by a current teacher?”

If YES, they must provide the referring teacher's name.

Monitor:

- Applicant
- Referring Teacher
- Application Date
- Hiring Status
- Starting Date
- Referral Status
- Referral Fee Status

Important: If the applicant does not identify the referring teacher during application, the referring teacher will have **no right to claim the referral fee.**

XXII. PENALTY MONITORING

The system should identify potential penalties based on attendance information.

Possible violations:

- Invalid Absence
- Unapproved Absence
- Cancellation
- Other configured violations

Penalty amount should be configurable:

₱ _____ per applicable violation

Automatic Sync

Login/Logout → Attendance → Absence Validation → Penalty → Cut-Off Report

XXIII. IT TIME IN / TIME OUT

IT personnel should have:

TIME IN → WORK → CHECKLIST → TIME OUT

Record:

- IT Name
- Branch
- Date
- Time In
- Time Out
- Attendance Status

Before logging out, IT must complete the required checklist.

Important: Remove the document-uploading requirement from the existing IT checklist.

Reference:

[IT Logout Checklist](#)

XXIV. IT NO LOGIN / NO LOGOUT / CHECKLIST ALERT

If an IT:

- Does not log in
- Logs in but does not log out
- Does not complete the checklist

Automatically notify:

OM Melmar + OM Prei

IT should **not be able to log out** if the checklist is incomplete.

XXV. IT WEEKLY & MONTHLY TASKS

Weekly Checklist

[IT Weekly Tasks Checklist](#)

Monthly Checklist

[IT Monthly Tasks Checklist](#)

Generate:

- Daily IT Report
 - Weekly IT Report
 - Monthly IT Report
 - Completed Tasks
 - Pending Tasks
 - IT Concerns
 - Equipment Issues
 - System Issues
-

XXVI. ADMIN & IT MASTER ATTENDANCE REPORT

Create one centralized report:

Employee	Department	Branch	Date	Time In	Time Out	Status	SRD	Absent	Late	Early Out	No Login	No Logout	Checklist
----------	------------	--------	------	---------	----------	--------	-----	--------	------	-----------	----------	-----------	-----------

Reports should be available:

- Daily
- Weekly
- Monthly
- Per Employee
- Per Branch
- Per Department

XXVII. DAILY ADMIN & IT ATTENDANCE NOTIFICATION

Generate an automatic daily summary.

Admin

- Present
- Late
- Early Out
- Absent
- SRD
- No Login
- No Logout
- Incomplete Checklist

IT

- Present
- Late
- Early Out

- Absent
- No Login
- No Logout
- Incomplete Checklist

Automatically notify the appropriate management personnel, particularly:

OM Melmar and OM Prei

XXVIII. INTERNET / POWER / GENSET SIMULATION

Schedule simulations:

Every 1st and 3rd Saturday of the month

Activities:

- Internet outage simulation
- Power outage simulation
- Genset operation
- Backup internet testing
- Emergency procedures

Notify:

- Teachers
- Admins
- IT
- Managers
- COs

Send an automatic reminder before the simulation.

Record:

- Attendance
- Completion

- Issues
- Remarks
- Person Responsible

XXIX. NEWLY HIRED TEACHER MONITORING

Create a **New Hire Dashboard** showing:

- Teacher Name
- Starting Date
- Branch
- Project
- Requirements
- Training
- Tagging
- Completion %
- Slot Opening Eligibility

Generate:

- Daily Summary
- Weekly Summary
- Monthly Summary

XXX. NEW TEACHER REQUIREMENTS CHECKLIST

New teachers should have **at least 3 days to complete requirements before they can open slots.**

Requirements:

- Bank Account
- Contract Signing

- Valid ID
- Proof of Education
- Presentable Professional Picture
- Intro Recording
- NBI
- Self-Video Introduction
- SK12 Tagging
- TPCAP Tagging
- Additional Special Taggings
- Global Teacher Tagging
- Flowers
- Signed Double SA
- TTP Orientation
- Different Trainings
- TESOL
- ZTP Training
- Learning Hub
- Props

The system should show:

- Completed
- Pending
- Missing
- Verified
- Days Remaining
- Eligible / Not Eligible to Open Slots

Eligibility Flow

New Hire → Requirements Completion → Admin Verification → Eligible to Open Slots

XXXI. MANAGEMENT DASHBOARD

Management should have a centralized dashboard.

Teacher

- Active Teachers
- Newly Hired
- Resigned
- AWOL
- Attendance
- Late
- Early Out
- No Logout
- Low Bookings
- SRD
- Incidents
- Penalties

Admin

- Attendance
- Daily Tasks
- Weekly Tasks
- Monthly Tasks
- Absences
- SRDs
- No Login
- No Logout

- Checklist Compliance

IT

- Attendance
- Daily Tasks
- Weekly Tasks
- Monthly Tasks
- Tickets
- Equipment Issues
- System Issues
- Simulations
- No Login
- No Logout
- Checklist Compliance

Recruitment

- Applicants
- Newly Hired
- Requirements
- Pending Requirements
- Referrals
- Referral Fees

Resignation

- Weekly Resignations
- Monthly Resignations
- Resignation Reasons
- Exit Interviews
- Effectivity Dates

- Branch/Project Breakdown
-

XXXII. AUTOMATIC SYSTEM SYNCHRONIZATION

The system should automatically connect related modules.

Admin/IT Login

Login → Attendance → Daily Report

Admin/IT Logout

Checklist → Logout → Attendance → Daily Report

Incomplete Checklist

Incomplete Checklist → Logout Disabled → Alert

No Login

Scheduled Workday → No Login → OM Melmar + OM Prei Notification

No Logout

Login Recorded → No Logout → OM Melmar + OM Prei Notification

Admin SRD

SRD → Approval → Attendance → Notification → Daily/Weekly/Monthly Report

Teacher SRD

SRD → OM Approval → Attendance/Schedule Update → Notification

Teacher Resignation

Resignation → Monitoring → Exit Interview → TPCAP Notification → IT Reformat Task →

Teacher Deactivation

Teacher Attendance

Login/Logout → Attendance → Absence Validation → Penalty → Cut-Off Report

New Hire

Application → Referral → Onboarding → Requirements → Training/Tagging → Slot Eligibility

Incident

Incident Ticket → OM Notification → Monitoring → Resolution

XXXIII. DEVELOPMENT PRIORITY

PHASE 1 – Core Operations

- Admin Time In/Out
- IT Time In/Out
- Teacher Login/Logout
- Admin/IT Checklists
- Logout Restriction
- No Login/No Logout Alerts
- Admin Attendance
- Teacher Attendance
- SRD
- Basic Notifications
- Incident Tickets

PHASE 2 – Monitoring & Automation

- Resignation System
- Exit Interview
- Admin/IT Task Monitoring
- Teacher Reports
- Penalty Monitoring
- Seating Assignment
- No-Logout Monitoring
- TPCAP/IT Notifications

PHASE 3 – Recruitment & Teacher Management

- New Hire Dashboard

- Requirements Checklist
- Referral Monitoring
- Certificate of Service
- Slot Opening Reminders
- Teacher Assignment

PHASE 4 – Management Analytics

- Daily Reports
- Weekly Reports
- Monthly Reports
- Cut-Off Reports
- Branch Reports
- Attendance Analytics
- Resignation Analytics
- Admin Performance
- IT Performance
- Teacher Performance
- Management Dashboard

FINAL GOAL

We would like the portal to become our **centralized operations management system**.

The most important requirement is that **information should only need to be entered once and should automatically sync with all related modules**.

For example:

Attendance → Reports → Penalties → Cut-Off

Resignation → Exit Interview → Monitoring → IT/TPCAP Notification

SRD Approval → Schedule → Attendance

Login → Checklist → Logout → Attendance

New Hire → Requirements → Training → Slot Eligibility

Incident → Notification → Monitoring → Resolution

This should allow the management team to access **accurate, real-time daily, weekly, monthly, and cut-off reports** without manually consolidating multiple Google Forms and Sheets.
